DETAILED ACTION

Response to Arguments

1. Applicant's arguments, see Remarks, filed 8/2/05, with respect to the rejection(s) of claim(s) 1-3, 5-15, and 20 under 35 U.S.C. 102(e) have been fully considered and are persuasive. Therefore, the rejection has been withdrawn. However, upon further consideration, a new ground(s) of rejection is made.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claim 1 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

4. Claim 1 recites the limitation "the inspected result information" in lines 8 and 9. There is insufficient antecedent basis for this limitation in the claim.

Allowable Subject Matter

5. Claims 5-15 and 20 are allowed.

6. Claims 2 and 3 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
